

AMERICAN ACADEMY OF KINESIOLOGY AND PHYSICAL EDUCATION
2009 Annual Report

REPORT OF: Historian and Archivist

DATE OF REPORT: July 29, 2009

PREPARED BY: Scott Kretchmar and David Wiggins

COMMITTEE MEMBERS: Scott Kretchmar and David Wiggins

DESCRIPTION OF ACTIVITIES:

At the request of President Ulrich, Kretchmar initiated a pilot project related to interviews with Academy members who were early leaders of kinesiology and physical education. He conducted audio interviews with Warren Fraleigh, John Lucas, and Earle Zeigler. These interviews are now available on the Academy Website. Further interviews and a refinement of the interview protocol are planned for the future under the leadership of Wiggins.

We continue to maintain the Academy Archives at Penn State University. The archival material has been, and continues to be, professionally sorted, labeled, and stored. It is accessible to any researchers who wish to use it. Normally, such access is restricted to on-site reading. The table of contents for the archives can be accessed online at the following location:
